

Atlas - PRD

Vision

Enterprise AI platform for engineering teams.

Problem

Too many disconnected engineering tools.

Goals

Reduce context switching, improve productivity, enterprise architecture.

Users

Developers, Managers, QA, DevOps.

Features

Authentication, RAG search, Code Review, Incident Analysis, SQL Assistant, API Explorer, Docs Generator, Analytics, Admin.

NFR

Secure, scalable, audited, Dockerized, CI/CD.

Metrics

Latency, DAU, search accuracy.
